- Leader, system and web developer
- A monitoring system for mobile vehicles
-  [Long-Distance-Transportation-Monitoring-System](#)

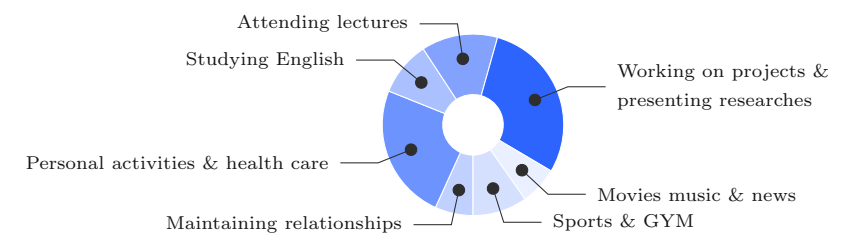

GSM-Based Humidity & Temp Monitoring System

University of Technology

 Jan 2018 – May 2018       Ho Chi Minh City, Vietnam

- Leader, system and web developer
- Remote humidity and temperature monitoring via GSM network
-  [GSM-Based-Humidity-and-Temperature-Monitoring-System](#)

## ⌚A DAY OF MY LIFE & INTERESTS

## ➦OBJECTIVES

- Experience a new environment
- Achieve my best
- See myself as a product manager

## 🎓EDUCATION

Senior - 4<sup>th</sup> year

University of Technology (HCMUT)

 2015 – 2019       Ho Chi Minh City

- Honor Program (Talented Class)
- Electronics - Telecommunications Eng
- GPA: 8.29/10

## ☑STRENGTHS

- Hard-working
- Eager to learn
- Team player
- Problem-solving
- Logical thinking
- Fast learner

## 🔍SKILLS

Linux Distros - 3 years

Programming on Linux

Multi-thread & Socket

ARM (TivaC, Raspberry Pi)

Arduino, PIC, SIM, ESP

C

Java (Android), Python

C++, Bash Shell

HTML, CSS

Javascript, Nodejs

MySQL, PHP

MS Office

## 🌐LANGUAGES

English

- TOEIC - 835/990
- Upper intermediate speaking and reading
- Presenting and reading documents
